## *An Open Letter*

*To the Family of a Fallen Marine:*

*Let me introduce myself to you. I'm a W.W. II Veteran. I'm just someone who makes shadowboxes for the military. I've done over 800 so far. I don't ask for anything in return. This is a gift to you from my Elizabeth and I.*

*No words can ever say what is in our hearts for your fallen Marine in this war. Hopefully this will become an irreplaceable treasure to you and your family.*

*It is with honor and affection for them, that I do what I do. What time I have left in life, I will devote to this mission that I have undertaken for all of these Marines. They are truly our Hero's.*

*With our heartfelt sympathy,  
SEMPER FI*
