

Jan 08

Dear Mr DeAngelis,

This note is very long overdue. You made a shadow box for us this past summer ('07). I just realized I had not yet sent a thank you. We do thank you. It means so much to all of us when honor is shown & given. I in return wish to thank you for sewing so long ago. I had <sup>(great)</sup> uncles who sewed in WWI & WWII. It is because of you and all the others who sewed that those of us in more recent generations were able to grow up in a safe & secure place. So once again, Thank You! for the shadow box and for your service to the US

I've enclosed a paper that a friend of ours wrote. I hope you will read it.
