

Frank

I enjoyed our telephone call today. You are a special person for making the medal & ribbon case for me and the other Sergeants Major of the United States Marine Corps. It will have a place of honor in my home and will be passed down to my children. Your kind appreciation of all Marines will always be remembered too. I have always held the United States Navy sailors in high regard for what you

all did for Marines, ^{and our country} and especially the Corpsmen who patched us up in war and after liberty.

If I can ever do you a favor, please call or write.

Again, thanks for a wonderful surprise.

Sincerely
Frank Black
