Dear Frank,

I was greatly moved by your generous and thoughtful gift. I well realize what effort and cost you have put into this treasure. You are a good man and one hell of a patriotic American.

It is indeed a treasure which will be cherished by me and my family for as long as there are Hackworths bopping around this earth.

Again, many, many thanks.

I'm looking forward to meeting you in person and taking Elizabeth and you out to break bread.

Warmest regards,

DAVID
