Dear Frank,

Just a sort note of thanks for your very generous gift. The shadow box you so graciously put together touched a very soft spot in my heart. My service and commitment to our nation means everything to me. To have a visible reminder of that service, such as your gift, sits very comfortably with me.

My son is an active duty sailor and this gift will be treasured by him as it is handed down to him in the years to come.

Thank you for your kindness and dedication to our Navy. If I may ever be of assistance, please call.
