

Dear Frank DeAngelis,

Words can not even begin to express our gratitude for the beautiful shadow box of Marc's ribbons and medals. What you have given to your country, by serving in the armed services and to the Ryan Family and families like us, is a wonderful and irreplaceable treasure, and the words Thank You seems so inadequate. Maybe a Thank You from the bottoms of our hearts will do. Believe me Frank you are one of a kind and my husband and I are truly blessed to have met you. The Lord may have called our precious son Marc home, but he has also placed special people in our lives to show us his Love and to insure us Marc will never be forgotten for his incredible sacrifice. I thank "God" everyday for people like you Frank, the world is a better place because of you. "God Bless You and Keep You".

*Thank You,
