Dear Mr. De Angelis,

Thank you for your most handsome and quite unexpected GIFT. The "shadow box" is one of the best that I have ever seen and I want to congratulate you on your professionalism and artistic skills. My daughter fell in love with the gift and I'm sure it will find a place of honor in her home one day.

Clearly, the time, effort, and expense that went into crafting such a magnificent shadow box, must have been tremendous. Without a doubt, you have the ability to turn your "hobby" into a highly successful business.

You have made it extremely difficult for me to properly express my full appreciation for the gift. Perhaps you will allow me to make a donation to your favorite charity, if so, please provide me with the details.

Thanks again.

Warm Regards,
