

Dear Frank,

I am embarrassed to learn that my thank you note for the beautiful shadow box you made for me was never sent. I directed my secretary to add a copy of my bio and a photo and since we were out of photos she held the note and bio in a suspense file. I guess "Murphy" is alive and well and still ruling. I apologize for the delay. I was truly surprised by your generous gesture and honored to be in the company of those you have honored. Please accept my apology and my thanks for the beautiful gift.

Sincerely,
J. Warner
