Dear Mr. DeAngelis:

My son delivered your elegant medal collection to me in Hawaii last Friday, just before he assumed command of Marine Force Pacific. It was a great and pleasant surprise.

The representation is very handsome and beautifully put together. It will occupy a place of honor in my den, along with my other memorabilia.

I thank you, so very much, for your thoughtfulness, and for your generous expenditure of your time. It is a treasured addition to the things that mean so much to me.

Please accept my warmest wishes for your health and happiness.

Sincerely,

V. H. KRULAK
